

To Whom it may concern

I was first introduced to Nigel Karl and his Kid's in Cars (KIC) charity ride days about 12 months ago when I was asked by a friend to bring my race Ute along to give the kids rides around Pukekohe track.

I was impressed at the scale of the event and level of organisation involved. It was a great day and everyone enjoyed it. The smile on the children's faces said it all.

As a father of two young children and the owner of Wildcard Racing, a company that participates in motorsport and also runs a V8 stunt Ute team, Nigel's "KIC" is a great way for our team to give something back to the community that is in line with what we have a great passion for.

This year we have adopted Kid's in Cars and its two receiving charities, Camp Quality and Kids First as our chosen charities. We proudly carry all their logo's on our race vehicles and our stunt utes. Our sponsors have shown great support of these charities as well in offering product and time to help Nigel and his crew make this day as enjoyable as possible for the kids.

We wish Nigel and his team all the best and we will support them any way we are able.
