Dear Nigel,

As a supporter and sponsor of Kids in Cars Big 106.2 would like to acknowledge such a great group of people who selflessly give up their time to create unforgettable events for children in need. Not only do these children get a fantastic day out but the support received by sponsors and the public generates funds to continue helping these children long after the day on the track is over.

When we were approached by your organisation we didn't hesitate to get behind the January event supporting Camp Quality. As an Auckland community radio station Big 106.2 love getting behind charities and local organisations and we have been supporting Kids in Cars since our station launch in 2008. At that stage the annual event was getting bigger each year and now we are very proud to be part of yet another event supporting Kidz First Hospital, Middlemore.

It's great to see Kids in Cars expanding each year and new events being added to the calendar and of course more well deserving charities benefiting from it. You've definitely proved the sky is the limit.

Thank you for always being so fantastic to work with and always having our best interests at heart, we will always continue to support and promote the Kids in Cars events. If there were more organisations such as this with people as caring and dedicated the world would be a better place.

Kind regards,

Anna Kemp
